GLOBAL GAB AND NATURES CHOICE REQUIREMENTS FOR NURSERIES

Voor-Groenberg Nursery is registered as a nursery to produce all our material under the Plant Improvement Legislation as appointed by the Department of Agriculture to assure the best quality material. The production process must satisfy the conditions of the South African Plant Association Scheme and the Plant Improvement Act.

The Directorate of Plant Protection from Department of Agriculture does an annual audit to ensure the law will be followed properly.

No genetic manipulated material is being used or propagated by our nursery.
